

# Trash Odor Control System

## Benefits

Keep your trash chute room & trash dock clean and smelling fresh, preventing customer odor complaints.

## What's Included

- Metering Tip for proper product dilution
- 25 or 50 ft. hose with pressurized spray nozzle
- Rinse feature for water (no extra hose needed)

## Install Locations

- Trash Chute Rooms
- Trash Dock

## Install

Our technicians will install the system. The only thing needed is a water connection!

## Delivery

When the product is delivered, our technicians will swap out the old pail/drum for the new one! **Easy & Hassle-free!**

## Products

**Berry Zymes** - Powerful odor-eliminating enzyme that eats and breaks down odor-causing bacteria

**Hydro Blast** - Universal degreaser to clean and degrease

## Directions

**Trash Chute Room:** Spray down the trash cart, floor, and walls with either Hydroblast first to degrease, then rinse with water. AND/OR spray with Berry Zymes to eliminate odors.

**Trash Dock:** Spray in and around the trash compactor with Hydroblast or Berry Zymes.

**To Rinse:** Turn the knob to rinse and spray with water.
