

# Berry Zymes (cc109)

## Enzyme Treatment for Organic Waste

### LABEL INFORMATION

#### Berry Zymes Enzyme Treatment for Organic Waste

BERRY ZYMES contains powerful waste-digesting bacteria-producing enzymes, breaking down organic material into water-soluble nutrients. The bacteria digest the released nutrients, multiply and continue producing enzymes to clean and deodorize areas where organic waste is present. May be used to remove pet stain odors, urine, upholstery, other fabrics, trash odor and other organic-based odors from carpeting.

**Benefits include:** Non-Toxic | Berry Fragrance | Safe For All Types Of Plumbing | Will Not Harm Carpeting | Upholstery Or Other Textiles

### USE ON

- Organic Waste
- Grease
- Food
- Urine
- Trash
- Sewer

### USE IN

- RV Holding Tanks
- Offices
- Hotels/Motels
- Restrooms
- Trash Chutes
- Kennels
- Lift Stations

### USE FOR

- Odor Control
- Clearing Grease Traps
- Cleaning Drain Lines
- Cleaning Trash Chutes

### DIRECTIONS

#### SHAKE/STIR WELL BEFORE USE.

**Trash Chutes & Trash Compactors:** Spray daily trash compactors, spray and rinse out trash carts, spray concrete to kill bacteria causing odors.

**General odor control:** To eliminate odor caused by vomit, spoiled food, decomposed animals, waste receptacles, etc., spray directly on malodor and allow bacterial action to work. The added fragrance will quickly neutralize any odor.

**Restroom cleaning:** Mix 4 ounces of product per quart (32 oz) of water. Spray bathroom tile walls from the waist down, spray in and around Toilets and Urinals to kill urine and other odor causing bacteria, spray in trash cans. Pour down restroom floor drains to eliminate sewer gas odors.

**Carpet deodorizing and organic waste:** Mix 1/2 to 1 pint of product per gallon of water. Apply with pump or trigger sprayer. Allow to remain moist for 30 minutes. Repeat if necessary. May be used with all types of carpet cleaning equipment and methods

**Grease traps:** Pour directly into sink or pipe closest to trap, typically at night. Flush down with a cup of lukewarm water. Use 4-5oz. daily for traps less than 20 cu. ft. For larger traps, use 8-10 oz. daily.

**Porta-toilets:** Directly add 1 gallon and cover the solids with water. Repeat each time toilet is pumped.

**Septic tanks:** Add 1 pint per 25 cu. ft. for initial treatment. Then use 8oz. per week. Pour directly into toilet. If tank is clogged and odorous, add 1 gallon directly through tank manhole.

**Drain lines and down pipes:** Use 4 oz. for each 2 inches of pipe size 2-4 times weekly.

**Recreational vehicles:** Initially use 2 oz. per gallon of water. Maintain at 1 oz. per gallon of water. For use at a dump station, use 1 gallon per 50 gallons tank capacity. Maintain at 1 pint per week.

**CERTIFIED SALMONELLA AND E. COLI FREE**

### PACKING INFORMATION

Available in  
12x1(qts) | 4x1(gal) | 5 gal pail | 55 gal drum

### SPECIFICATIONS

- Odor: berry fragranced
- Physical state: liquid
- Color: Milky white
- pH: 8.3
- Flammability (solid, gas): no
- Solubility: 100%
- Viscosity: n/a
- Detergency: mild
- Evaporation rate: slow
- Specific gravity: 1.01
- Boiling point: 212°F
- Toxicity: non-hazardous
- %Volatile by volume: 92%
- Wetting ability: excellent
- Storage stability: excellent
- Storage stability: 1 year+
- Cold stability: 32°F
- Biodegradability: yes
