DIRECTIONS

Spray liberally directly on area to be treated. Reapply periodically as required.

SPECIFICATIONS

- Odor: Chlorinated Solvent
- Form: Solvent-Based Aerosol
- Appearance: Clear
- Detergency: None
- pH: N/A
- Flammability (solid, gas): None
- Solubility: 0%
- Viscosity: N/A
- Melting/freezing point: N/A
- Flash point: N/A
- Vapor pressure (mm Hg): N/A
- Evaporation rate: Medium
- Toxicity: 100ppm OSHA TLV
- Storage stability: 1 Year +
- Flame Extension: None
- Wetting ability: Saturates
- Specific Gravity: 1.52
- % Volatile by volume: 100%
- Propellant: Carbon Dioxide
- Cold Stability: 0°F

PACKING INFORMATION

Available in
12 - 16oz. | 12.5 oz. net weight
