

Combat (CC165)

Fire Ant and Insect Dehydrator

LABEL INFORMATION

Combat Fire Ant and Insect Dehydrator

COMBAT powdered insecticide saps the life out of fire ants and other insects by literally draining them of their moisture. Just sprinkle some powder on or around ant hills and other entrances, then as soon as they track through it, the active ingredient silicon dioxide immediately begins to "suck" valuable moisture from their bodies. Best of all, if the insects are able to crawl back into the nest, the powder continues to cling to their bodies and contaminates the rest of the colony.

USE ON

- Roaches
- Ants
- Earwigs
- Ticks
- Bedbugs
- Mites/Lice

USE IN

- Residential Areas
- Restaurants
- Garages
- Locker Rooms
- Floor Drains
- Kitchens

USE FOR

- Pest Control

DIRECTIONS

Sprinkle lightly over liquid to be removed, wait until gel is formed (approx. one minute), then pick up with a dustpan or cardboard. Because V-Eliminator is water soluble, clean up is an ease- to clean brooms, mops or other implements, just wash in water. Note: In the event of toxic spills, handle and dispose of as recommended by manufacturer of toxic material, consistent with EPA regulations. Do not use in conjunction with strong oxidizing agents such as nitric acid.

SPECIFICATIONS

Form: White powder
 Odor: Mild odor
 Physical State: Solid
 Specific Gravity: 0.304 g/cm³
 pH: 6.6 @ 20%

Flammability: n/a
 Solubility: n/a
 Viscosity: n/a
 Melting/Freezing Point: n/a
 Flash Point: 200°F

Reactivity: None known
 Vapor Pressure: n/a
 Bulk Density: n/a
 Boiling Point: n/a

PACKING INFORMATION

6 - 6 oz cans per case, 7 oz. net weight
