

# Drain Seal (cc170)

## Trap Seal & Dry Drain Treatment

### LABEL INFORMATION

#### Drain Seal

DRAIN SEAL floats on water and other liquids in drains to effectively lock out the air that creates and carries odors out of the drain, while creating a safe barrier between the user and the fluids in the drains. Use whenever drain traps dry out, are not in use, are in remote areas, or wherever odors are a problem. It's tenacious. It won't be flushed out of drain easily.

#### USE ON

- Shower Drains
- Floor Drains
- Sinks
- Urinals
- Water Fountains

#### USE IN

- Schools
- Hospitals
- Vacant Buildings
- Stadiums
- Factories
- Restaurants
- Hotels/Motels

#### USE FOR

- Floors & Shower Drains
- Sinks
- Toilets & Urinals
- Condensate Drains

### FEATURES & BENEFITS

Prevents sewer gas odors from drain | Floats on water and other liquids | Locks air out and sewer odors in | Removes scum, slime, and odors | Non-corrosive, non-flammable and non-toxic | Mulberry scent

### DIRECTIONS

Initial Dosage: Add sufficient water to fill the P trap, then add 16-32 ounces of DRAIN SEAL to seal in the noxious odors, reduce evaporation and to deodorize. To reduce evaporation rate even more & have the deodorizing effect last longer, do not add any water to the P-trap prior and add only DRAIN SEAL to the drain. Double the below recommended maintenance dosages for these situations. Recommended Dosage: 2" drains = 6 oz, 3" drains = 32 oz, 6"+ drains = 1 gallon

### SPECIFICATIONS

Form: Liquid  
Color: Colorless  
Flash Point: n/a  
Odor: Fruity  
Boiling Point: n/a  
Solubility in Water: Insoluble  
Specific Gravity: 1.542  
Toxicity: n/a  
pH: n/a  
Viscosity: n/a  
Flammability: n/a  
Evaporation Rate: n/a

### PACKING INFORMATION

Available in  
12x1 quarts
