

Electric OurFreshe Dispenser

(CC203-E Fan)

Air Freshener

LABEL INFORMATION

Electric Our Freshe Dispenser Air Freshener

The high-speed fan draws air through the charcoal filter, helping to clean the air for a better experience. The rotating plug works in any 3-prong outlet and rotates by 90° or 180°. The intensity button allows you to select the right setting, and there are no screws or tape needed to install. The 30-day air-freshening for larger spaces. Dry fragrance refills contain 3-5 times more fragrance than grocery store purchased plug-ins and freshens more space. Taking care of the planet is important. Refills are 100% recyclable, contain a biodegradable additive, and there are no batteries required. Additionally, the ourfreshe refills are part of our closed loop recycling program.
