

MyFresh Dispenser

(CC205-Fan)

Air Freshener

LABEL INFORMATION

Our Fresh Dispenser Air Freshener

Liquid free, dry fragrance inserts release the right amount of light, appealing fragrance, reducing fragrance overload, and eliminating floor residue. Our small, high-velocity fan pulls air through the filters and distributes fragrance – moving 5-10 times more air than typical dispensers – exactly when and where it is needed. Myfresh's compact design and motion activated release make it perfect for freshening the air exactly when and where it's needed. Taking care of the planet is important which is why myfresh are part of our closed loop recycling program. It's fast, easy and free.
