

GOING GREEN INTRODUCING GREEN SELECT BY NU-CALGON

Natural Environmentally Friendly Products

Nu-Calgon has developed the Green Select products with natural, renewable ingredients derived from plants and other eco-friendly resources. All of the Green Select products have been tested extensively to ensure the highest level of performance while utilizing “green” ingredients. In addition, the products are biodegradable and will not harm plants, animals, and aquatic life. More importantly, we use only natural and renewable resources that are on the EPA’s Designed for the Environment list of acceptable “green” ingredients.

Coil Cleaners

Cal-Green & Evap-Green

Cal-Green

Clean the condenser unit with a natural, environmentally friendly coil cleaner. This low-foaming, non-toxic cleaner is outstanding for removing dirt and grime which hinders heat transfer. By cleaning the fins with Cal-Green you restore the units efficiency while being environmentally responsible. Biodegradable.

Evap-Green

Evap-Green’s outstanding cleaning ability will quickly remove dust, dirt, and debris that is typically found on evaporator coils. By using Evap-Green, a natural cleaner, the coil is being cleaned with the most environmentally friendly product available on the market. Biodegradable.

Read and understand the product’s label and Material Safety Data Sheet (“MSDS”) for precautionary and first aid information.

The MSDS is available on the Nu-Calgon website at www.nucalgon.com.
